

ANDRITZ Universal Cross-Flow Shredder QZ2000

Second-hand machine

Gentle and fast disintegration of composite materials

With the Universal Cross-Flow Shredder QZ, ANDRITZ has revolutionized traditional shredding technology. Originally designed for processing refrigerators and e-scrap, the QZ has evolved to become a real multi-talent and focuses on disintegration of the input material without damaging the individual components.

Machine data

Machine type:	QZ2000
Year built:	2008
Condition:	2021 completely refurbished
Tools:	Rotating chain
Body diameter:	2,000 mm
Drive power:	250 kW, 50 Hz, 400 V
Color:	RAL 5010 Blue
Machine ID:	M-848

Standard equipment

- Approx. 5 m cabling
- Control cabinet incl. electrical controls
- Frequency converter
- Discharge hopper
- Special tools for maintenance
- Maintenance crane
- 2-layer substructure

Subject to prior sale!
Sold as seen – without guarantee.
